

A semi-permanent brow treatment performed by Elleebana certified Haus professionals that allows one to create symmetry, or correction for hairs that follow a unique or undesirable direction, or give a voluminous full, fluffy or feathered look . Lasts 4-8wks, depending on the brow hair strength, growth cycles & individual lifestyle factors.

NOTE: This service is a chemical treatment that is performed on the brows. It is required that you schedule and complete a 'Brow Lamination Patch Test & Consultation a minimum of 1 week prior to your Haus Salon Brow Lamination appointment, with the same service provider for both services

What to expect:

- Brows are cleansed to remove any makeup (if possible, don't wear brow makeup on day of service to avoid unnecessary rubbing in the area. But, it will be removed if you have it on).
- An alkaline chemical solution is applied to the brow hairs and allowed to activate, which in turn reduces the disulphide cross-linking bonds found present within a brow hair and while the brow hairs are fixed in place the bonds are reformed into their newly created shape and style..
- Your brows are then tinted and shaped (via waxing &/or tweezing) to enhance the look.
- Eyebrows are not to have makeup applied to them, get wet or be pushed on/slept on for 48 hours post the service, or it will negate the service &/or crimp the brow hairs in undesired angles.

The following is required to perform the Brow Lamination service on you.

- Must be 16+ years in age to receive service (those 17 years & younger require signed consent from a legal guardian & the guardian must stay on-site for the duration of the service).
- Received a patch test a minimum of 1 week prior to the service without any adverse reactions

If any of the below apply to you, we unfortunately *cannot* perform the Brow Lamination service on you.

- Must be 13+ years in age to receive service (those 13 years & younger require signed consent from a legal guardian & the guardian must stay on-site for the duration of the service).
- Not completed a patch test that has been performed a minimum of 1 week prior to the service
- Previous reaction experienced to the same or similar service in the past
- Skin conditions such as: Eczema, Dermatitis, Psoriasis, Lesions or Sores, Open wounds
- Contagious skin diseases (such as herpes simplex, Chicken Pox, or Shingles)
- Skin Trauma, cuts, abrasions, burns and swelling in the immediate area
- Infections such as Impetigo or Conjunctivitis
- Currently undergoing Chemotherapy treatment or underwent Chemotherapy treatment less than 1 year before today's date.
- Weak or damaged brow hair from over styling or product use - at the therapist's discretion
- Recent operations around eyes, head or face or scar tissues in immediate areas
- Hypersensitive skin/eyes
- Alopecia (loss of hair)
- Trichotillomania (classified as an impulse control disorder and is the compulsive urge to pull out one's own hair)

- Some anti-acne medications such as Roaccutaine, doxycycline and epiduo gel or their derivatives within the last 12 months
- Anti-aging creams or medications such as Vitamin A, Retinols and Efudex or other anti-aging Medications, AHA's and BHA's within 48 hours prior or post the Brow Lamination service.
- Brow growth serums within 48 hours prior or post the Brow Lamination service.
- Brow Henna performed within 48 hours prior or post to appointment
- Pregnancy or lactation
- Any disease/disorder that causes shaking, twitching or erratic movements
- Inability to comfortably lay still while on back, in a supine position, with eyes closed for 60 minutes.
- Brow waxing that has been performed within 1 week prior or post the Brow Lamination service: Exception to this is if you are seeing the same Haus Salon Service Provider for both your brow waxing & your Brow Lamination services
- Advanced practice exfoliation facial treatments 1 week prior or post the Brow Lamination service: Chemical Peels, Hydrafacial, Dermaplaning, etc
- Use of Botox, aesthetic fillers, injectables, and/or laser treatments within 2 weeks before Brow Lamination service
- Microblading/Shading: Those undergoing Microblading/Shading sessions cannot have Brow Lamination within 2 weeks before starting their sessions and must wait six weeks after their final Touch Up session before receiving a Brow Lamination.

I acknowledge the following:

- I am 13+ years of age. If between the ages of 13-17 years, I will have a legal guardian who will remain on-site for the duration of the service, as well as provide signed consent below
- I will avoid using brow growth serums, retinols, AHA's, BHA's, Vitamin A, steroid creams or skin thinning treatments after the service for at least 48 hours.
- Photos may be taken before, during and after the Brow Lamination service. Photos may be used for education, promotion or advertising purposes.
- The information provided has been explained to me and all my questions have been answered to my satisfaction. I have read the above information, and I give my consent to have the Brow Lamination service by the staff at HAUS Salon.
- By signing below, I acknowledge that I have read the above information and give my consent to receive the Brow Lamination service.
