

Hybrid Brow Dye is a color treatment for the brows. The dye stain lasts on the skin 2-14 days and on the hair 4-6 weeks. It is a multi-step treatment that includes mapping/drawing out the brow shape, precise application of the Hybrid Dye to achieve a crisp line, and a processing time of up to 20 minutes.

**NOTE:** All Hybrid Brow Dye contains Paraphenylenediamine (PPD) . Although rare, there are those who are sensitive or allergic to PPD. You are **required** to schedule and complete a Hybrid Brow Dye Patch Test & Consultation a minimum of one week prior to your Haus Salon Brow Hybrid Brow Dye appointment, with the same service provider for both services.
