

A semi-permanent treatment that gives the illusion of perfectly curled lashes with added definition performed by Elleebana certified Haus professionals. Lasts 6-8wks.

**What to expect:**

- Lashes are cleansed to remove any makeup (if possible, don't wear mascara day of service. But, it will be removed if you have it on).
- Lashes are adhered to a lash rod, while different steps of product are applied & removed to curl the lashes.
- After the Lifting portion of the service is completed, your lashes are then tinted a deep color to enhance the look.
- Eyelashes are not to have mascara applied to them, get wet or be pushed on/slept on for 24 hours post the service, or the Lift will fall &/or crimp the lashes in undesired angles.
